

2019 AST/UST Installer Continuing Education Training

We are pleased to announce that DATCP will once again be conducting AST/UST installer continuing education training sessions around the state. This year, we will be holding sessions in Wausau, Milwaukee, and Madison. The training will be the same at each location, and by attending any one training, installers will earn six continuing education credits. The fee for this training is \$20 and lunch will be provided. This training is open to individuals that do not hold an AST or UST Installer Certification, but space is limited and preference will be given to those with a certification should space run out. The continuing education credits for this course do not apply to the Tank System Inspector certification.

Pre-registration is required. The registration form is attached. Please complete the form for the training you wish to attend and return it with the registration fee by **February 7, 2019**.
